

C Series

Reliable 80° spray performance with easy maintenance for fine, controlled coverage.

C Series

Spray Characteristics

The C series hydraulic atomizing nozzles are meticulously crafted to generate a very fine hollow-cone spray pattern, solely utilizing the liquid pressure for atomization. These nozzles are easy to disassemble, assemble, and clean. The standard spray angle of the C series nozzle is 80° at 40 PSI.

Model Number	"L"	BODY	CAP
¼ FC	1	11/16 HEX	11/16 HEX
¼ C	1	11/16 HEX	11/16 HEX

Construction

Two piece body with removable cap and core. Bodies are available in a variety of materials. The cap and core are supplied in 316 stainless steel standard.

Standard Materials

- B** Brass
- 3** 303 Stainless Steel
- 6** 316 Stainless Steel

Typical Applications

- ✓ Humidifications/Moisture Addition
- ✓ Evaporative Cooling
- ✓ Steam De-superheating

C Series
